CHICAGO, June 23.—Chicago hit Patten savagely in the first and third innings to day, driving him from the slab. Wilson went in and stopped the scoring with ease, pitching a clever game. Patterson was found only in one inning, when two hits and a wild throw let in two runs. Callahan's fielding was spectacular.

HARVARD TROUNCES YALE. rimson Victorious on Sodden Basebal

NEW HAVEN, Conn., June 23.-Yale has again lost a commencement game, and again it is the Crimson which has-administered defeat. In the presence of her old graduates back for their class reunions, Capt. Winslow's men struggled against mud, water and rain, only to be defeated to the tune of 10 to in spite of all they could do and with Yale heers from 4,000 throats to encourage them. For six innings there was a steady rain that drenched all the players to the skin. The diamond was ankle deep in mud. each base was a pond. The class of 1900 had made for it a long dragon similar to tho used in San Francisco in Chinese parades and inside this 200 graduates of the class of 1900 zigzagged around the field. The O. N. T. & have June 28, July 4, 5, 18, 19, 25, Aug. 1, 15, 22, 29, Sept. 5 and 7, open, and would like to hear from the Englewood F. C., Oratani F. C., Skellys, Madison A. C., Westheld A. American League fielding averages show Ganzel of the New Yorks to be first among first basemen. Williams third among second basemen. Conroy fifth among third basemen, Etherfeld first among shortstops, O'Connor fourth and Seville last among catchers, with Davis, Keeler, Fultz and McFarland bringing up the rear in the order named among outfielders. The rough condition of the local outfield doubtless accounts for the low positions of the New York outfielders. Conroy leads the American League in stolen bases, with sixteen, while Fultz has the lowest percentage of stolen bases.

PHILADELPHIANS LOSE.

Marylebone Cricket Club Wins, With Five Wickets to Spare. Special Cable Despatch to THE SUN LONDON, June 23.-The Philadelphia cricketers suffered the second reverse of their English tour at Lord's to-day, where the M. C. C., assisted by "the ground," defeated M. C. C., assisted by "the ground." defeated them by 5 wickets. The London papers criticise the M. C. C. Match Committee for including professionals in the team.

The wicket for the match to-day was still soft and the bowlers preserved the mastery. Mead was found most difficult by the visitors, and he obtained 6 wickets for 37 runs, while Trott was also successful. A. M. Wood and J. B. King made the only stand of the day for the Philadelphians. The former carried his bat for 29, and the latter hit freely for 21, while P. H. Clark was the only other man to get into double figures in the total of 93.

Needing only 55 runs to wis, the M. C. C. had not a very difficult task set them, but J. B. King and P. H. Clark both bowled in fine form for Philadelphia, and before the necessary runs were obtained 5 wickets went down. With the exception of P. F. Warner not one of the batsmen made any stand, and he was missed in the slips when he had scored 15. P. H. Clark obtained 5 wickets for 22 runs and J. B. King took 2 for 28. The next match will be against Kent and will be played at Beckenham, beginning on Thursday.

RENEWAL OF THE SUBURBAN. Starters and Eligibles Can Race Again

on July 2 Under Same Conditions. In view of the bad weather that has pre vailed during the present meeting at Sheepshead Bay, the Coney Island Jockey Club has decided to have a renewal of the Suburban Handicap on July 2. Horses that started in the Suburban, or were eligible, can start last Thursday. The Coney Island Jockey Club will add \$10,000, and the entries close on Club will add \$10,000, and the entries close on June 27. In offering this special inducement the Sheepshead Bay officials wish it to be understood that the new race in no way reflects upon the result of the big handicap, but that it is put on the cards in justice to conners who were unable to start their horses in the Suburban because of the track conditions. It is an entirely voluntary move on the part of the Coney Island Jockey Club, and will meet with the hearty approval of racegoers.

PITTSBURG PHIL IN TROUBLE.

JOCKEY CLUB STEWARDS HAVE REFUSED HIS ENTRIES.

Said to Be a Natural Sequence to the Suspension of Joekey Willie Shaw-Big Plunger Has Always Denied the Charges Shorthose Case Not Settled Yet.

The stewards of the Jockey Club after another long session at Sheepshead Bay track yesterday afternoon exploded a comb in the shape of an annou hat they had decided to refuse in future the entries of George E. Smith, familiarly known as "Pittsburg Phil." It was known that the stewards were investigating the Shorthose race of last Saturday and the Lady Uncas-Blues race of the previous day, but nobody had an inkling that they had turned their attention to "Pittsburg Phil." It was during the Morris Park meeting that the noted plunger's jockey, Willie Shaw, had his license taken away, presumably for a poor ride on either Illyria or Africander at Jamaica. It was only a few days after this incident that a story was circulated that "Pittsburg Phil" had been questioned by the stewards and that he had been notified to sell his horses. This was denied positively by Smith, who, however, said that his horses were for sale. Later Smith weeks and another story was started that he had concluded to quit the turf. He came back, however, just before the end of the Gravesend meeting, and on Suburban Day he was reported to have won a small fortune over the victory of Africander. fortune over the victory of Africander.

In refusing his entries the stewards have dealt Smith a hard blow. He has maintained all along that he has done no wrong on the turf; that he has never bet against Shaw's mounts and that he will give a large sum of money to anybody that can prove him guilty of dishonest practices. Smith was originally a cork cutter by trade, but he got the racing fever and soon branched out as a plunger. He has been wonderfully successful, and is said to be worth a fortune to-day. His operations in the ring have been tremendous and many big bookmakers are said to be his enemies. Smith's horses include Grand Opera, Chilton, Stevedore, Lord Turco and others. Grand Opera has won numerous races in

ton, Stevedore, Lord Turco and others. Grand Opera has won numerous races in fine style this year.

Last year Jockey L. Smith was deprived of his license for an alleged poor ride on P. J. Dwyer's Merry Acrobat in the Rancho del Pasco Stakes at Morris Park. Smith had been riding some for "Pittsburg Phil" and the latter was connected with the case and the latter was connected with the case by scandal mongers. But he made many positive denials and the matter was dropped. Jockey Smith has been on the ground ever since. The stewards, besides refusing "Pittsburg Phil's" entries, also denied Shaw's application for reinstatement.

"Pittsburg Phil" is said to have an interest in several horses running in the name of George Forbes and also in several owned, ostensibly, by Trainer Bill Smith, his brother. He was at the track on Monday and had a long confab with Shaw.

The investigation of the Shorthose race was continued by the stewards yesterday. It was common, talk that the trainer race was continued by the stewards yesterday. It was common talk that the trainer of the colt had admitted that the son of Atheling had been suffering from weak legs after the Withers Stakes, and that he had run with heavy bar plates at Gravesend a week ago to-day because it was believed that they would help him. It was also stated that Shorthose wore ordinary steel plates in the Tidal Stakes because it was decided to take a chance with him. According to rumor one of the most prominent members of the Metropolitan Turf Association backed Shorthose heavily on Saturday and won handsomely on the race. The

shortly after 9 o'clock, just after the two Shamrocks had been floated out of the dry dock. She had been expected at the basin and preparations had been made to put her in the dock as soon as it was vacated by the challenger. The yacht was warped into the dry dock at once, and before 12 o'clock the water had been pumped out and men were at work cleaning her underbody. C. Oliver Iselin was present while the yacht was being docked. He said he expected that she would be floated out some time to-day and would then start East. She will be at New London to-morrow, while the college boat races are being decided, and will then go on to Bristol. The Columbia was lowered off the dock at the Morse Iron Works yesterday and she was towed to Glen Cove. The Constitution has already gone to New London, and she will be hauled out there to be cleaned. The Regatta Committee of the New York Yacht Club yesterday announced that the next series of races would begin off Newport next Monday, and that the yachts would race every day next week.

Washington, D. C., June 23.—George A. Cormack, secretary of the New York Yacht Club, had a conference with Assistant Secretary Armstrong of the Treasury Department to-day with reference to controlling the course during the international yacht races in August. UNIFORM LAWS FOR AUTOS. This Is What the American Motor League Is Seeking to Achteve.

A new activity is being manifested by the imerican Motor League, the organization of motorists formed on the unit basis, similarly to the League of American Wheelmen, and it is rapidly growing in membership. According to President I. B. Potter, one of the cording to President I. B. Potter, one of the things the league hopes to accomplish in the near future is the establishment of some uniformity in the automobile laws of the several States, particularly with respect to the licensing feature. He says that a license issued in one State should be recognized in all others, instead of automobilists having to pay a fee and take out a license in every State through which they travel.

A national assembly of the Motor League is to be held next January. A new committee of legislation has been appointed headed by George R. Bidwell.
